

Route Planner

Adventure
Cycling

adventurecycling.org

Keep your plan organized. When researching potential routes and planning logistics for your bike tour, wrangle all the details together in this workbook – the rest will fall into place.

Compare Routes You're Considering

Use this worksheet to keep track of routes you're considering.

 Route Name	 Starting Point	 End Point	 Total Mileage	 Days Needed	 Difficulty	 Terrain Types	 Distance Between Services	 Sites to See	 Notes

Getting There: Transportation Details

Chart out your trip, beginning with how you'll get you and your bike to your trip's starting place.

Method	 Dates	 Departure: Time & Place	 Arrival: Time & Place	 Accommodations	 Notes & Details
 Flight					
 Train					
 Bus					
 Other					

During the Trip: Planning Your Days & Nights

Give your bicycle trip a little structure by planning where you might stop each night and listing fun things to do in the area.
